

Better chemistry – achieving more.

# WeylCare<sup>®</sup> PB

Mildly boosting preservation with pleasant skin feel

WeylCare<sup>®</sup> PB is a range of two products (WeylCare<sup>®</sup> HexaPB and WeylCare<sup>®</sup> OctaPB) which are non-ionic surface-active agents predominantly used as preservative support and booster in parabene-free formulations. They show synergistic effects in combination with many conventional preservative systems. On top WeylCare<sup>®</sup> HexaPB and WeylCare<sup>®</sup> OctaPB act as mild moisturizing agents in Skin Care products thus providing a pleasant feel on the skin. Solubilizing and stabilizing properties across a wide pH range complete their characteristics and make WeylCare<sup>®</sup> HexaPB and WeylCare<sup>®</sup> OctaPB key multifunctionals for many Personal Care applications.

# WeylCare® PB

Mildly boosting preservation with pleasant skin feel

## Benefits

- Support for many preservative systems (efficacy approved by challenge test according DIN EN ISO 11930)
- Moisturizing and emollient properties
- Conditioning
- Performs across a wide pH-range
- Solubilizer and stabilizer
- Excellent formulation flexibility and compatibility
- Anti-transpirant

## Product Description

	WeylCare® HexaPB	WeylCare® OctaPB
INCI	1,2-Hexanediol	Caprylyl Glycol
CAS-No.	6920-22-5	1117-86-8
Appearance	Colorless – light yellow liquid	White waxy solid
Active content (%)	>98	>98
Recommended usage level (%)	0.5 – 3.0	0.5 – 2.0
Soluble in	Water, ethanol	Water, cosmetic esters

## Application Areas

PRODUCT	HAIR						BODY					FACE			SUN		AP/DEO & ORAL	
	Shampoo	Baby/Kids Shampoo	Conditioning	Treatment	Styling	Coloring	Shower/Bath Products	Baby/Kids Cleansing	Liquid Soap	Body/Hand Care	Baby Care	Cleansing	Care	Color Cosmetics	Sun Protection	Apres Sun Care	Antiperspirants & Deodorants	Toothpaste
