PERSONAL CARE PRODUCT OVERVIEW

Personal Care

Product Overview

WeylCare® Allantoin

The ultimate cell proliferation ingredient

Ointments made out of allantoin-rich comfrey roots have been used as wound healing aids in naturopathic medicine since ancient times. WeylCare® Allantoin is the pure form of allantoin produced by a clean, synthetic process and provides the well-known, beneficial healing and soothing effect on stressed skin. It supports the regeneration of damaged skin cells by promoting cell proliferation and modulating the inflammatory response. Moreover, since allantoin acts as moisturizer it increases the smoothness of the skin.

WeylCare® Allantoin is the ultimate skin-curing active for all skin applications.

Product Description

- INCI: Allantoin
- CAS No.: 97-59-6
- Appearance: White powder
- Active content: Min. 98.6%
- pH (0.5% aq. solution, 20°C): 4.0 – 6.0
- Recommended usage level: 0.1 – 0.5% w/w
- Compatible with most cosmetic ingredients
- Adaptive in O/W and W/O emulsions and hydrogels

Benefits

- Cell proliferation and regeneration
- Skin soothing
- Anti-inflammatory
- Skin moisturizing
- Anti-acne
- Antioxidant
- Anti-transpirant

WeylCare® Allantoin is also available as EP/USP grade.

WeylCare® ATBS

Thickening with a silky-cool touch

WeylCare® ATBS is a strongly hydrophilic, swellable polymer, which is well known for its outstanding viscosity modifying properties over a wide pH range. Its smooth texture and moisturizing sensation on human skin are well appreciated by the customer. As formulation backbone, WeylCare® ATBS shows excellent stability and tolerance to most Personal Care ingredients and even exhibits emulsifying properties. And most importantly WeylCare® ATBS has the extraordinary touch: smooth, light and fresh.

WeylCare® ATBS is the perfect thickener for all kind of Personal Care applications.

Product Description

- INCI: Ammonium Polyacryloyldimethyl Taurate
- CAS No.: 62152-14-1
- Appearance: White to off-white powder
- Active content: Min. 93%
- pH (1% aq. solution, 20°C): 4.5 – 6.5
- Recommended usage level: 0.3 – 1.0% w/w
- Excellent compatibility with most water soluble solvents
- Easy to formulate, neutralized, high shear stability
- Adaptive in O/W and W/O emulsions and hydrogels

Benefits

- Multifunctional viscosity modifier for O/W emulsions
- Forms homogeneous, almost transparent gels with water
- Stable viscosity profile from pH 3.5 – 9.0
- Excellent sensory feel, silky, light, cool and non-sticky
- Emulsifier-free formulations with up to 20% oil feasible
- Excellent bio-compatibility
- EO-free
- Ready to use (pre-neutralized)
- UV light tolerance
- Cold-processable

WeylCare® PB

Mildly boosting preservation with pleasant skin feel

WeylCare® PB is a range of three products (WeylCare® HexaPB, WeylCare® OctaPB and WeylCare® PhenylPB) which are non-ionic surface-active agents predominantly used as preservative support and booster in parabene-free formulations. They show synergistic effects in combination with many conventional preservative systems.

On top WeylCare® HexaPB, OctaPB and PhenylPB act as mild moisturizing agents in Skin Care products thus providing a pleasant feel on the skin. Solubilizing and stabilizing properties across a wide pH range complete their characteristics and make WeylCare® HexaPB, OctaPB and PhenylPB key multifunctional ingredients for many Personal Care applications.

	WeylCare® HexaPB	WeylCare® OctaPB	WeylCare® PhenylPB
INCI	1,2-Hexanediol	Caprylyl Glycol	Phenylpropanol
CAS-No.	6920-22-5	1117-86-8	122-97-4
Appearance	Colorless – light yellow liquid	White waxy solid	Colourless liquid
Active content (%)	>98	>98	>98
Recommended usage level (%)	0.5 – 3.0	0.5 – 2.0	0.1 – 0.5
Soluble in	Water, ethanol	Water, cosmetic esters	Ethanol, propylene glycol and most non-volatile oils

Benefits

- Support for many preservative systems (efficacy approved by challenge test according DIN EN ISO 11930)
- Moisturizing and emollient properties
- Conditioning
- Performs across a wide pH-range
- Solubilizer and stabilizer
- Excellent formulation flexibility and compatibility
- Anti-transpirant
